MinRex Resources set to begin sampling program on its East Pilbara projects

MinRex Resources Ltd (ASX:MRR) is about to commence a further detailed geological evaluation and sampling program on the East Pilbara tenements that the company holds a 70% interest in.

The company's field team is about to mobilise to the East Pilbara area to explore all four project areas by conducting geological mapping, rock sampling and site evaluation work.

These project areas include the Bamboo Creek Project, the Daltons Project, the Marble Bar North Project and the Marble Bar South Project.

The results from this program will build on the encouraging recovery of gold nuggets at the Marble Bar North Project area, revealed in January 2018.

The results from the new sampling program will be used to further refine anomalies and potential mineralisation within these highly prospective licences.

MinRex recently completed a maiden JORC resource estimate for the Pacific Express Project on the north coast of New South Wales.
