## Blackham Resources aims to produce over 200,000 ounces gold per year from one site

Blackham Resources Ltd (ASX:BLK) executive chairman Milan Jerkovic introduces Proactive Investors to the company's Matilda-Wiluna Gold Operation, and refined strategy for gold production from the prolific Wiluna Mine & Coles Find Shear areas in Western Australia.

Jerkovic explains "Our aim is to consolidate the current production, increase our short term cash flow, reduce our debt, and essentially put the company in a position where it could unlock a much larger inventory of gold and hopefully put us in the rank of the top 15 producers in Australia in a single location... short term it's all about production stability and repairing the balance sheet to a point where we have a very solid base from which to launch our next growth stage."
