Albert Technologies more than doubles revenue in 2018 as it accelerates growth

Or Shani, chief executive of Albert Technologies Ltd (LON:ALB), introduces Proactive London to the business and its fully autonomous artificial intelligence marketing platform.

Shani says trading during 2018 was in line with current market forecasts, with revenues in excess of \$4.6mln, more than 2.5 times that seen in the previous year.

"We see the opportunity ... as a founder I see that it's a once in a lifetime opportunity where you're essentially on the cusp of the disruption to a full-blown billion dollar industry", he says.
