Red Rock Resources raises £1m to 'put rocket fuel into the engine'

Red Rock Resources PLC's (LON:RRR) Andrew Bell talks to Proactive London about their £1m placing which will be used for their projects in Kenya, now that they have regained their license.

Other projects in the Congo and Australia will also benefit from this placing and as Bell says, his Congo activities are now accelerating after 'running on empty for a while' and it is now time to 'put rocket fuel into the engine'.

He goes on to remind investors about their plans to list the Rock Resources Australasia project, a partnership with Power Metal Resources on the TSX market.
