GlobeX Data Ltd (OTCQB:SWISF)(CSE:SWIS) has signed a nationwide distribution agreement with SYNEX Canada Limited, a wholly-owned subsidiary of leading business services company SYNEX Corporation (NYSE:SNX). The distribution agreement with SYNEX Canada covers all of Canada and makes available GlobeX's Sekur secure email and messaging solutions to SYNEX. Sekur, the company's Swiss hosted secure communications suite, includes encrypted messaging and voice recording transfer with self-destruct timer, an encrypted email account and a secure file transfer solution. All data is secured using GlobeX's proprietary encryption technology and is hosted exclusively in Switzerland for ultimate privacy.

Global Energy Metals Corporation (CVE:GEMC) (OTCMKTS:GBLEF) (FSE:5GE1) will cancel 480,647 incentive stock options, including those held by certain directors, officers, advisors and consultants who have agreed to voluntarily return the options to the company. In addition to the cancellation of these options and pursuant to its stock option plan, the company has granted stock options to directors, officers, advisors and consultants in the amount of 1,175,000 common shares at \$0.275 per share, for five years vesting immediately. The company further announces that the board of directors has approved the settlement of up to \$76,180 of debt through the issuance of common shares. The company will issue up to 277,020 common shares at \$0.275 each to certain creditors, including certain of its directors, officers and consultants.

IEC Electronics Corp (NASDAQ:IEC) reported Friday that it produced \$46.4 million in revenue during its fiscal 2020 fourth quarter -- a nearly 6% year-over-year increase. Higher sales in the quarter ended September 30, helped the company achieve net income of \$1.9 million, or \$0.18 per basic and diluted share. That compares to net income of \$1.8 million, or \$0.17 per basic and diluted share, in the year-ago quarter. The New York company also announced full-year, fiscal 2020 results highlighting its healthy growth over the last 12 months.

Biocept Inc (NASDAQ:BIOC) (FRA:B003), a provider of molecular diagnostic assays, announced Friday that its Target Selector CSF assays are a viable and sensitive platform for circulating tumor cell (CTC) detection, according to a study analyzing cerebrospinal fluid (CSF) samples in patients with primary lung or breast cancer with either brain or leptomeningeal disease. The findings indicate that Target Selector assays compared favorably to the current standard of care, CSF cytology, which is used to confirm leptomeningeal disease when imaging findings are not sufficient. CSF cytology has limited sensitivity and provides no additional information needed for target therapy choice, the company said.

Q BioMed Inc (OTCQB:QBIO) on Friday announced that its marketing campaign for Strontium89, a US Food and Drug Administration-approved treatment for the pain associated with bone cancer, has been selected for inclusion in the Ads of the World, a curated archive of the world's best creative campaigns. The company noted that this recognition supports its efforts in making Strontium89 available to patients who need relief from metastatic bone cancer pain.

Bioasis Technologies Inc (CVE:BTI) (OTCQB:BIOAF) CEO Deborah Rathgen discussed the science of treating central nervous system disorders on the popular Big Biz Radio Show. "Sometimes you want drugs to pass from the blood to the brain. Bioasis relies on a receptor that lies in the blood-brain barrier and it is a natural process," said Rathjen. She talked about how Bioasis is developing the xB3 platform to aid in the delivery of molecules to the brain, and the treatment of brain cancers and neurodegenerative diseases. Like a key designed to open a lock, the xB3 platform unlocks the door to the blood-brain barrier, allowing compounds into the brain.

Lithoquest Diamonds Inc (CVE:LDI) Friday announced that the company's Board of Directors have approved a corporate name change to "Lithoquest Resources Inc". The company now known as Lithoquest Resources will begin trading on the Toronto Venture exchange on Tuesday, November 24, 2020 under the same stock symbol: LDI.

KushCo Holdings Inc (OTCQX:KSHB) said Friday that it has teamed up with United Pacific, one of the largest owners of gas stations and convenience stores in the western United States, to expand CBD distribution across 350 locations in California, Nevada, Oregon, Washington and Colorado. Since 1955, United Pacific has been offering motor fuels products under the 76, Conoco, Shell and United Oil brands, and convenience items through the We Got It! Food Mart, My Goods Market, and Circle K brands.

Matinas BioPharma Holdings Inc (NYSEAMERICAN:MTNB) (FRA:6LJ) has unveiled positive news for its oral Amikacin (MAT2501) candidate, with the firm awarded \$3.75 million from the Cystic Fibrosis Foundation (CFF) to support the drug's pre-clinical development as a treatment for nontuberculous mycobacterial (NTM) lung disease, including infections in cystic fibrosis (CF) sufferers. The funds will allow the biotech group to rapidly advance the development of MAT2501 and support preclinical in-vitro and in-vivo studies, along with several toxicology studies necessary to progress the drug into Phase 2 trials. Notably, the CFF has also indicated it may be willing to fund the continuation of clinical studies, including dose determination and Phase 2 efficacy studies in CF patients suffering from NTM lung disease.

Lucky Minerals Inc (CVE:LKY) (OTCMKTS:LKMNF) (FRA:LKY1) has reported positive exploration results from the Sherman prospect, part of the firm's Fortuna 4 gold and copper project in Ecuador. In a statement, the company said it has now identified an area, comprised of three zones, which has potential to be a bulk tonnage, low-grade gold target. This area is characterized by quartz veins hosted in schists, showing up to 1.66 grams per ton (g/t) gold, Lucky said.

Todos Medical Ltd (OTCQB:TOMDF) has announced positive in vitro data for its dietary supplement Tollovid that shows its ability to inhibit the 3CL protease, an enzyme that facilitates intracellular replication of coronaviruses. Tollovid is an orally administered proprietary blend of plant extracts that includes a powerful 3CL protease inhibitor that helps support and maintain healthy immune function. Todos and its joint venture partner NLC Pharma said that researchers believe the 3CL protease plays a significant role in coronavirus replication, allowing the processing of proteins encoding viral RNA. Inhibiting this activity could stop the ability of the virus to replicate and prevent its spread throughout the body.

Codebase Ventures Inc (CSE:CODE) (FRA:C5B) (OTCQB:BKLLF), a tech-centric investment company, revealed Friday that its portfolio holding Arcology Network, which is a blockchain company, has successfully conducted its first testnet and achieved internal targets. Arcology, in which Codebase owns a 30% stake, is a radically new hierarchical blockchain that uses proprietary algorithms and artificial intelligence to eliminate inefficiencies that hinder rival blockchain platforms. Codebase said the testnet represents the "key step" to verifying that Arcology's design works as expected under a high workload. As Bitcoin and Ethereum prices increase, Arcology has demonstrated compatibility with Ethereum.

ImagineAR Inc (CSE:IP) (OTCQB:IPNFF) (FRA:GMS1) announced Friday it will work with Shoppers Drug Mart and the event production agency HUMANCONTACT Inc to deliver an immersive augmented reality experience to over 2,500 corporate staff, pharmacist-owners, and front store managers across Canada. Using the ImagineAR Custom White-label mobile app, Shoppers Drug Mart will integrate dynamic AR into the live-streamed virtual event sessions. Shoppers Drug Mart is the country's largest pharmacy chain.

Media Central Corporation Inc (CSE:FLYY) (FRA:3AT) late Thursday announced the appointment of three new directors to the company's board, and also said its chief financial officer (CFO) has been reinstated. The company's
